His Excellency Dr Mahmoud Ahmadinejad
President of the Islamic Republic of Iran
Nahad-e Riyasat Jomhuri, Tehran, Iran

Your Excellency,

Our company would like to take this opportunity of congratulating yourself, the government and the people of the Islamic Republic of Iran on the successful International Registration of the Kurdish Horse (IKHC) (IRA).

Globally the horse industry is a vast and complex industry, its contributions to the economies of many countries is so important governments the world over spend massive amounts of money maintaining and protecting it. An insight into the monetary and social benefits and implications can be seen in the industry throughout the world, this I hope will be a stepping stone to Iran taking its rightful place in what is arguably one of the largest industries in the world today.

I would also like to thank Mr. Tabesh and Dr Variedi of the Equestrian Federation of Iran without whose assistance and foresight this program would not have been completed.

Yours Faithfully

Chief Executive Officer
